

Frequency Electronics Announces Earnings Conference Call; Tuesday, December 13, 2005, at 1:00 PM ET

>

MITCHEL FIELD, N.Y.--(BUSINESS WIRE)--Dec. 12, 2005--Frequency Electronics, Inc. (AMEX: FEI), will hold its quarterly conference call to discuss results for the second quarter of fiscal year 2006 ended October 31, 2005, on Tuesday, December 13, 2005, at 1:00 PM Eastern Time.

This call is being webcast by Thomson/CCBN and can be accessed at FEI's web site at www.frequencyelectronics.com. Investors and analysts may access the call by dialing 1-800-289-0730. International callers may dial 1-913-981-5509. Ask for the Frequency conference call.

The webcast is also being distributed over Thomson/CCBN's Investor Distribution Network to both institutional and individual investors. Individual investors can listen to the call through Thomson/CCBN's individual investor center at www.companyboardroom.com or by visiting any of the investor sites in Thomson/CCBN's Individual Investor Network such as America Online's Personal Finance Channel, Fidelity Investments® (Fidelity.com) and others. Institutional investors can access the call via Thomson/CCBN's password-protected event management site, StreetEvents (www.streetevents.com). StreetEvents allows institutional investors to identify, organize, and track the hundreds of conference calls that occur each day during earnings season, to download events of interest to their Outlook calendar, and to RSVP to events online.

The call will be archived on the Company's website through January 13, 2006. The archived call may also be retrieved at 1-888-203-1112 (domestic) or 1-719-457-0820 (international) using Passcode ID 6809542.

About Frequency Electronics

Frequency Electronics, Inc. is a world leader in the design, development and manufacture of high-technology frequency, timing and synchronization products for satellite and terrestrial voice, video and data telecommunications. The Company's technologies provide unique solutions that are essential building blocks for the next generation of broadband wireless and fiber optic communications systems, and for the ongoing expansion of existing wireless and wireline networks. The Company has received over 60 awards of excellence for achievements in providing high performance electronic assemblies for over 120 space programs. The Company invests significant resources in research and development and in strategic acquisitions to expand its capabilities and markets. The Company's Gillam-FEI subsidiary provides the Company with expertise in wireline network synchronization and access to worldwide service providers. The FEI-Zyfer subsidiary provides secure timing ("SAASM") capabilities for critical military and commercial applications. Additional information is available on FEI's website: www.frequencyelectronics.com.
